Dancing for Japan

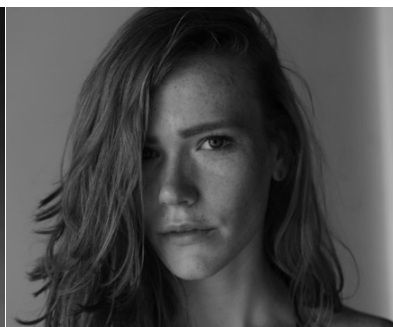

Thursday, April 27, 2017 (7:00pm-)
LaGuardia Performing Arts Center

Thanks to the Co-Curricular Funding Program at the Office of Campus Life of LaGuardia Community College, we were able to purchase several tickets for *Dancing for Japan* on Thursday, April 27, 2017. *Dancing for Japan* is a series of performance by a group of Japanese dance artists residing in New York, who dedicate their performance for the victims of the *Tohoku-Pacific Earthquake* and Tsunami that took over 18,000 lives on March 11, 2011 in Japan.

Students will have an opportunity to understand significant impacts that natural disasters can cause to human lives. During the event, the students will consider/discuss how international and global collaboration can alleviate suffering from natural disasters through the use of intercultural communication and performing art.
